

5.3 VAULTS INFORMATION AND ACCESS INFORMATION

The JCK Show's armed vaults and In-Booth Safes have proven to be a reliable, convenient and secured storage area for your jewelry lines. Show Management continually reviews measures to offer the best on-site protection for each exhibitor. Security cameras on a 24-hour surveillance add to the enhanced security protection at the Show. To assist the vault personnel in securing your cases, please make sure your merchandise is stored in locked sample cases, telescopes or suite cases before bringing them to the vault areas. Cardboard cartons or other insufficient means of packaging will not be accepted at the vault. Signatures on exhibitor identification badges and claim tickets must match before merchandise can be released. Hours of access to the vaults are listed below. If you need access to your lines at a time not listed, please contact the Security Office for assistance.
